BCBR Vanlife Rules and Guidelines

Please read the following rules and guidelines before purchasing your Vanlife spot.

We have a limited number of Vanlife spots at each Basecamp for camper vans and trucks with roof-top tents. BCBR Basecamp is not a sanctioned community campsite and is more restricted than a sanctioned campground.

Your Vanlife site will be assigned to you when you arrive at Basecamp.

Sites can accommodate vehicles up to 26feet including a bike rack.

Sites will be issued for the duration of our stay in each location.

Sites are unserviced (no electricity, no water hook-up, no sani-outflow).

All site facilities & services will be the same as campers in basecamp tents.

For travel to Vancouver Island after racing on Day 2, you will need to book and pay for your own ferry reservation from Horseshoe Bay to Departure Bay Nanaimo.

- You may not exceed your allocated footprint (26 feet). This includes any attachments to the vehicle (e.g. bikes, bike racks and awnings, etc.).
- No sleeping tents allowed in the Vanlife area.
- Gas generators are prohibited.
- Outdoor barbecues are prohibited. All cooking must take place inside your vehicle.
- Wood fires are prohibited. Any use of a propane fire pit requires a fire extinguisher within 10 feet.
- A support person traveling as a Vanlife passenger may purchase meal plan Seating B if desired.
- Support people are asked to adopt a racer-first approach and only use showers while racers are out on course.
- Be a good neighbour to the rest of the basecamp and the community at large.

Failure to adhere to these rules may result in losing your Vanlife access and privileges.
